Descripción del Programa El Greenhouse

El Greenhouse es un programa después El Verano.

Los niños entre de edades 6 y 13 aprenden de la computadora , encuentran información y producen sus trabajo propia. También aprenden la historia de arte, pintar, dibujar, fotografiar y mucho más.

Computadores, cámaras digitales, scanners y tipos diferentes del software son algunas de las herramientas que los niños usan para hacer sus proyectos.

My child is committed to making the Plugged In Greenhouse a safe, fun, and exciting learning environment. He/she will come to the Greenhouse at least 3 times every week. He/she will always try their best in their work and friendships with the other children. I also give permission to have my child's name and picture available for use by Plugged In for promotional and professional use. I also agree that liability responsibility relies on me, the Parent and not that of Plugged In.

Quiero que Plugged In Greenhouse sea una programa divertido, seguro y emocionante. Voy a asistir al Greenhouse no menos que 3 dias cada semana. Siempre trataré lo mejor que puedo hacer en los trabajos y en las amistades. También doy el permiso de tener mi nombre de los child?s y de representar disponible para el uso por enchufado para el uso promocional y profesional. También convengo que la responsabilidad de la responsabilidad confía en mí, el padre y no el de Plugged In.
